Great
community
leaders don't
do it for the
money...

...But we'll give you a bag of cash if you come to our special evening!

If you are prepared to take the lead in building the community you want the rewards can be enormous.

Joining your shul's Board of Management can have a huge impact on your community.

The board elections take place in May. So to help people find out ahead of the elections how they can get involved we've organised a special evening.

Tuesday 23rd March
7.30pm (light snacks provided)
Hendon Synagogue, Raleigh Close

With presentations, discussions and a chance to meet fellow future board members it's a great way to see and hear what's involved in really making a difference. Our aim is to have a fun as well as informative evening. And to give you an extra reason to come we'll be handing out mystery cash rewards to everyone!
